- **97.5%** say that they would be **in favour** of **decreasing the number of sraithphictiúr from 20 sraithphictiúr to 10 sraithphictiúr** as a measure to **reduce the pressure on students**.

Is fiú a thabhairt faoi deara go bhfuil ceithre staidéar déanta ar an mbéaltriail le roinnt blianta anuas. Aithníonn gach tuarascáil go bhfuil an iomarca sraithphictiúir le staidéar ag daltaí agus nach bhfuil an córas reatha i dtaca leis na sraithphictiúir ag obair go héifeachtach.[1]

Creidimid gur cheart gníomhú ar an taighde seo, agus mar fhreagra gur cheart líon na sraithphictiúr a ísliú ó 20 sraithphictiúr go 10 sraithphictiúr gan mhoill.

It should be noted that four studies have been conducted in relation to the speaking exam over the past number of years. Each report recognises that students have too many sraithphictiúir to study and that the current system in relation to the sraithphictiúir is not working effectively.

We firmly believe that action should be taken in relation to this research, and that the number of sraithphictiúir should be reduced from 20 sraithphictiúr to 10 sraithphictiúr immediately.
